JEFFREY LONGSWORTH

SOFTWARE ENGINEER

PROFICIENCIES

- C#
- Visual Basic
- HTML/CSS/Javascript
- SQL
- REST API design
- 20+ years playing and running D&D as a DM and character

EXPERIENCE

SOFTWARE ENGINEER – 80/20 LLC

(06/04/2021 - Present)

Working with a team of developers to design and maintain a collection of web applications needed in production to customize and cut aluminum extrusions and track labor and inventory data.

ORDER PROCESSOR – 80/20 LLC

(08/21/2019 – 06/03/2021)

Review and enter customer purchase orders into 80/20's database. Contact and work with customers and distributors when any order inconsistencies arise.

SHIPPING ASSOCIATE – 80/20 LLC

(03/22/2018 – 08/20/2019)

Review aluminum extrusions for quality and ensure product matches customer order. Package and label aluminum on wooden pallets for freight shipping.
